

小擋泥板

紅線為擋泥板大小

藍色為實際印刷影像範圍 (請含出血)

實際影像尺寸視製作過程溝通協議大小

寬 23cm

高 17cm

影像範圍

A diagram of a small mud flap. It is a trapezoidal shape with a wider top and a narrower bottom. The top edge is a straight red line, representing the physical size of the flap. The bottom edge is a rounded red line. The area between these two red lines is filled with a solid blue color, representing the actual printing range. The text '影像範圍' (Image Range) is written in white inside the blue area. The dimensions are given as '寬 23cm' (Width 23cm) and '高 17cm' (Height 17cm). A small note below the main text states '實際影像尺寸視製作過程溝通協議大小' (Actual image size depends on the communication agreement during the production process).
